

## **Ecclesiastical Teaching Ministries**

The services of these ministries are designed to assist pastors in training their congregations to practice more effectively the ministries of evangelism, stewardship, worship and Christian education. Each of these ministries shall consist of a team of qualified instructors who are trained to help strengthen ministry in the local church. An invitation shall be extended by the church pastor to the desired ministry. In each case, the pastor shall give insight into the need of the church for a more effective experience of study.

### **Evangelism**

The Ministry of Evangelism is available to assist member churches and pastors in the training of evangelism (soul winning) for the recruitment of new converts into the Body of Christ.

### **Stewardship**

This ministry shall be available to assist the local churches and pastors with teaching and training regarding the ministry of stewardship. Emphasis will be placed on how believers manage their God given spiritual gift(s), time, finance, family and material possessions to the glory of God.

### **Worship**

The Worship Ministry is committed to teaching and training member churches the biblical and theological implications of worship. What is worship? What does the Bible say about worship? How can worship be enhanced and more attuned to the biblical mandates.

### **Christian Education**

The Ministry of Christian Education team shall provide instructions to help organize and/or strengthen an existing Christian Education Ministry in the local church. What is Christian Education? What is the purpose? How can a Christian Education Ministry bless the church?
